

PCC Mallorca - bike hire 2023 – Ciclos Quintana

Bicycles are provided by Ciclos Quintana Bike hire – they have a selection of quality road bikes available for hire, as outlined below. Please note that all bikes are set up with European braking (i.e. rear brake on right)

Mellow Jersey will reserve this on your behalf, and the cost of the MERIDA RIDE 500 ALUMINIO is included in your package, but the hire contract is between yourself as the client and Quintana directly.

Payment for bike upgrades (if applicable) will be added to your final tour balance. A €100 deposit will be taken on collection, and will be refunded when you return the bike.

Ciclos Quintana will show you the state of the bike at the time of collection / delivery – we recommend that take note of any damages and take photos accordingly, as you are responsible for any damage that may occur during the rental period.

Below is a list of the bicycles available for hire. To reserve your bike, please provide us with the following information so we can reserve this on your behalf with the shop –
